Price: **\$225.00**

Jumpseat bags are handcrafted in the U.S. with authentic vintage aircraft textiles. These “one-of-a-kind” handbags are constructed of high quality wool airplane seat cover fabric and lined with military jacket flight satin. Jumpseat bags are designed with simple ‘classic’ lines and unique materials including seat belt straps and buckle connectors. These retro bags with their vibrant colors and bold patterns are as traditional as they are trend-setting. The ‘SeaShells’ pattern, in Blue Lagoon (shown) and Tropical Sunset, were created exclusively from vintage aircraft seat fabric for the launch of jumpseatbags.com, released only in a limited quantity.
